

North Bend
by Jacki Minarick

Have you ever been to North Bend? I have, I live there. North Bend has a lot of cool and fun stuff.

North Bend has a great school. We have the best teachers ever. They're really fun and good.

In North Bend we have a lot of places you can get good food at. People often go to Little Ricky's after the North Bend games. People go to Corner Café after church on Sunday. People go to Dodger Bowl to bowl, and people go to Rawhide to have the delicious chicken fried steak.

In the summer time there are a lot of things to do. You can go swimming at the North Bend swimming pool. You can go to the North Bend Park and play. You can go to the Old Settlers celebration.

North Bend has gotten people from all over the country. Along with these things North Bend has been known for their great community.

North Bend is also close to big cities like Omaha, Lincoln and Fremont. We are so lucky to be close to places that have a lot of supplies that we would need.

I hope you learned a lot about North Bend and how we're a good town. I like North Bend a lot!

North Bend
by Jack Post

Our town is so special.

It has a great pool to cool off during the summer. A very fun park with so much to do.

We have a great Veterans Park. It is a good way to remember what our veterans did for us.

We have a river very close. We can go boating on it and even take an ATV out on the sandbars.

We have a city of little crime. I feel very safe here in North Bend.

We have the best schools in the world. I would never go to another school in my whole life.

We have very fun sports here. We can play football, basketball, even baseball. I am so happy because I love sports so much.

We have five restaurants with great food. I wish we had more though. But still, I am very happy we have five.

North Bend got its name because it is so close to the northern most bend in the Platte River.

The North Bend Eagle is a great paper. It is written by Nathen Arneal. It covers every major event here. I rely on it every week to have a good article on North Bend sports.

These are just a few reasons why I like living in North Bend.

Have you ever been to North Bend? Well I'm about to tell you all about it.

First lets start out with religion, you can be anything you like we have a church for all. If you like sports we've got it for you, three baseball fields, an auditorium, a football field and a track. If you don't like that we've also got a park and a swimming pool. We also have very good restaurants like: Dodger Bowl, Gambino's and Little Ricky's. We also have a beautiful golf course. If you want your children to go to a good school we've got that to!

If you think well, what about my children that don't go to school, where will they go? Well guess what? We have two baby sitting services. You want your money to be safe, you can put all your money in the Platte Valley Bank. So you're a farmer, you can put all your beans and corn in North Bend Grain Co.

We also have a Mini Mart and Casey's instead of going to Fremont or Omaha. We also have a good construction store. We also have a laundrymat plus our Ron's which supplies a lot of stuff. He also keeps you healthy or makes you healthy if your're sick. We also have a great high school that gets involved in pretty much everything but soccer and diving.

Our town is very cool and unique. Don't you wish you lived here?
